

The cable is RMD order code: E097015
The Daniel Probe is RMD order code: E097620

Daniel Probe

RMD is pleased to announce the availability of the Daniel Probe. The Daniel Probe is shown here with the new Navigator™ GPS Control Unit and is used with the standard Navigator™ GPS probe cable.

The Daniel Probe may be used by thoracic surgeons in a video-assisted biopsy of sub-centimeter lung nodules labeled with Tc-99m and previously identified by standard methodologies.
